Idaho Operations Office

Date: September 26, 2006

Subject: Contract No. DE-AC07-05ID14517 - Designation of Contracting Officer's Representative, Battelle Energy Alliance, LLC, Management and Operating Contract for the Idaho National Laboratory (AS-CMD-INL-06-037)

To: Raymond V. Furstenau, Deputy Manager
Nuclear Energy
Idaho Operations Office

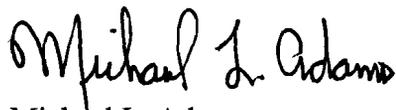

The Contracting Officer's Representative (COR) designation you received on April 10, 2006, is revised to identify your responsibility for the oversight and technical monitoring of contract scope in the areas of research and development, nuclear energy, national security, science and technology, including work for others, Specific Manufacturing Capability, Facility and Infrastructure Operations, the Reactor Technologies Complex, the Radiological and Environmental Sciences Laboratory, and the Materials and Fuels Complex. Additionally, you have primary COR authority for new requirements, which may be included in this contract.

Your responsibilities originate from the provisions of the subject contract and DOE Order 541.1B. Your duties will consist of the following:

1. Thoroughly familiarize yourself with all of the requirements of the contract and your responsibilities relative to these requirements. A copy of the contract is available at the DOE-ID Website.
2. Issue technical guidance in accordance with Clause G.2, Technical Direction, of the contract and provide program and contract guidance to the DOE-ID staff and the contractor for the work scope identified above. Coordinate technical direction and contract oversight with DOE-ID staff and other appointed CORs.
3. Recommend in writing to the Contracting Officer (CO) desired changes to the scope of work and provide a full explanation of the proposed action. If the contractor proposes a change, you are to obtain a written statement to that effect and forward that statement, along with your recommendations, to the CO. This statement should also include the estimated cost of any proposed increase or decrease in the scope of work and a statement on the availability of funds.
4. Assure that changes in the scope of work or delivery schedule are issued by written contract modification by the CO before the contractor proceeds with the changes.
5. Report to the CO all technical questions from the contractor that cannot be resolved without increased costs, alterations, or changes to the contracts scope and recommend solutions to such problems.

6. Assure that the contractor complies with all technical requirements defined in the scope of work, including reports, documentation, data, work products, milestone schedules, and the Contract Data Requirements List.
7. Assure that the Government meets its contractual obligation to the contractor, including any Government-furnished equipment and services called for in the contract. Also, assure the Government provides timely comments on, or approval of, the required contract deliverables.
8. Provide a copy of all contract-related correspondence that you generate or receive to the Contracting Officer.
9. Ensure that the inspection, acceptance, and approval of all deliverables are within the scope of the contract.
10. Develop performance criteria and measures for the Performance Evaluation Measurement Plan (PEMP) to maximize and evaluate the contractor's performance.
11. Monitor and report the contractor's performance to ensure contractor compliance with all technical requirements defined in the contract and work plans, including reports, documentation, data, work products, milestone schedules, and other deliverables as required. This documentation will be used to evaluate the contractor's performance and determine fee.
12. Implement the Contract Oversight Model and monitor the specific contract elements, based on the risk level associated with each work scope element, while ensuring flexibility in oversight execution to recognize performance and risk diversity.

In performing these responsibilities, you are not authorized to (1) redelegate any COR responsibility to others; or (2) make any agreements or commitments with the contractor, which involve a change in the scope, cost, terms or conditions of the contract, PEMP, or work plans. Only the Contracting Officer is authorized to modify any terms or conditions of the contract, waive any requirement of the contract, determine the allowability of costs, or sign any document that requires the signature of the Contracting Officer.

Subject: Contract No. DE-AC07-05ID14517 - Designation of Contracting Officer's Representative, Battelle Energy Alliance, LLC, Management and Operating Contract for the Idaho National Laboratory (AS-CMD-INL-06-036)

To: William F. Hamel, Assistant Manager
Infrastructure Support
Idaho Operations Office

In accordance with the Technical Direction Clause contained in the subject contract, you are hereby designated to act as the Contracting Officer's Representative (COR) for technical monitoring of the functional areas related to laboratory operations to include Facility and Infrastructure Operations, the Reactor Technologies Complex, the Radiological and Environmental Sciences Laboratory, Materials and Fuels Complex and the Specific Manufacturing Capability as required under the subject contract.

Your responsibilities originate from the provisions of the subject contract and DOE Order 541.1B. Your duties will consist of the following:

1. Thoroughly familiarize yourself with all of the requirements of the contract and your responsibilities relative to these requirements. A copy of the contract is available at the DOE-ID Website.
2. Issue technical guidance in accordance with Clause G.2, Technical Direction, of the contract and provide program and contract guidance to the DOE-ID staff and the contractor for the workscope identified above. Coordinate technical direction and contract oversight with DOE-ID staff and other appointed CORs.
3. Recommend in writing to the Contracting Officer (CO) desired changes to the scope of work and provide a full explanation of the proposed action. If the contractor proposes a change, you are to obtain a written statement to that effect and forward that statement, along with your recommendations, to the CO. This statement should also include the estimated cost of any proposed increase or decrease in the scope of work and a statement on the availability of funds.
4. Assure that changes in the scope of work or delivery schedule are issued by written contract modification by the CO before the contractor proceeds with the changes.
5. Report to the CO all technical questions from the contractor that cannot be resolved without increased costs, alterations, or changes to the contracts scope and recommend solutions to such problems.

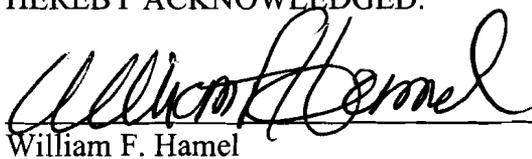

6. Assure that the contractor complies with all technical requirements defined in the scope of work, including reports, documentation, data, work products, milestone schedules, and the Contract Data Requirements List.
7. Assure that the Government meets its contractual obligation to the contractor, including any Government-furnished equipment and services called for in the contract. Also, assure the Government provides timely comments on, or approval of, the required contract deliverables.
8. Provide a copy of all contract-related correspondence that you generate or receive to the Contracting Officer.
9. Ensure that the inspection, acceptance, and approval of all deliverables are within the scope of the contract.
10. Develop performance criteria and measures for the Performance Evaluation Measurement Plan (PEMP) to maximize and evaluate the contractor's performance.
11. Monitor and report the contractor's performance to ensure contractor compliance with all technical requirements defined in the contract and work plans, including reports, documentation, data, work products, milestone schedules, and other deliverables as required. This documentation will be used to evaluate the contractor's performance and determine fee.
12. Implement the Contract Oversight Model and monitor the specific contract elements, based on the risk level associated with each workscope element, while ensuring flexibility in oversight execution to recognize performance and risk diversity.

In performing these responsibilities, you are not authorized to (1) redelegate any COR responsibility to others; or (2) make any agreements or commitments with the contractor, which involve a change in the scope, cost, terms or conditions of the contract, PEMP, or work plans. Only the Contracting Officer is authorized to modify any terms or conditions of the contract, waive any requirement of the contract, determine the allowability of costs, or sign any document that requires the signature of the Contracting Officer.

Subject: Designation of Contracting Officer's Representative, Contract No. DE-AC07-05ID14517, Battelle Energy Alliance, LLC, Management and Operating Contract for the Idaho National Laboratory (AS-SSD-INL-05-013)

To: Paul B. Keele, Acting Assistant Manager
Administration Services
Idaho Operations Office (NE-ID), MS 1240

In accordance with the Technical Direction Clause contained in the subject contract, you are hereby designated to act as the Contracting Officer's Representative (COR) for technical monitoring of the functional areas related to business services and operational support to be provided under the subject contract.

Your responsibilities originate from the provisions of the subject contract and DOE Order 541.1B. Your duties will consist of the following:

1. Thoroughly familiarize yourself with all of the requirements of the contract and your responsibilities relative to these requirements. A copy of the contract is available at the NE-ID Website.
2. Issue technical guidance in accordance with Clause G.2, Technical Direction, of the contract and provide program and contract guidance to the NE-ID staff and the contractor for the workscope identified above. Coordinate technical direction and contract oversight with NE-ID staff and other appointed CORs.
3. Recommend in writing to the Contracting Officer (CO) desired changes to the scope of work and provide a full explanation of the proposed action. If the contractor proposes a change, you are to obtain a written statement to that effect and forward that statement, along with your recommendations, to the CO. This statement should also include the estimated cost of any proposed increase or decrease in the scope of work and a statement on the availability of funds.
4. Assure that changes in the scope of work or delivery schedule are issued by written contract modification by the CO before the contractor proceeds with the changes.
5. Report to the CO all technical questions from the contractor that cannot be resolved without increased costs, alterations, or changes to the contracts scope and recommend solutions to such problems.
6. Assure that the contractor complies with all technical requirements defined in the scope of work, including reports, documentation, data, work products, milestone schedules, and the Contract Data Requirements List.

7. Assure that the Government meets its contractual obligation to the contractor, including any Government-furnished equipment and services called for in the contract. Also, assure the Government provides timely comments on, or approval of, the required contract deliverables.
8. Provide a copy of all contract-related correspondence that you generate or receive to the Contracting Officer.
9. Ensure that the inspection, acceptance, and approval of all deliverables are within the scope of the contract.
10. Develop performance criteria and measures for the Performance Evaluation Measurement Plan (PEMP) to maximize and evaluate the contractor's performance.
11. Monitor and report the contractor's performance to ensure contractor compliance with all technical requirements defined in the contract and work plans, including reports, documentation, data, work products, milestone schedules, and other deliverables as required. This documentation will be used to evaluate the contractor's performance and determine fee.
12. Implement the Contract Oversight Model and monitor the specific contract elements, based on the risk level associated with each workscope element, while ensuring flexibility in oversight execution to recognize performance and risk diversity.

In performing these responsibilities, you are not authorized to (1) redelegate any COR responsibility to others; or (2) make any agreements or commitments with the contractor, which involve a change in the scope, cost, terms or conditions of the contract, PEMP, or work plans. Only the Contracting Officer is authorized to modify any terms or conditions of the contract, waive any requirement of the contract, determine the allowability of costs, or sign any document that requires the signature of the Contracting Officer.
