Part I Section E

Inspection and Acceptance

E.1 Inspection

Inspection of all items under this contract shall be accomplished by a DOE Contracting Officer Representative (COR), or any other duly authorized Government representative, identified by the Contracting Officer in writing.

E.2 Acceptance

Acceptance of all work and effort under this contract (including "Reporting Requirements") shall be accomplished by the Contracting Officer, or any duly authorized Government representatives.

E.3 FAR 52.246-5 -- Inspection Of Services – Cost Reimbursement (APR 1984)

- (a) Definition. "Services," as used in this clause, includes services performed, workmanship, and material furnished or used in performing services.
- (b) The Contractor shall provide and maintain an inspection system acceptable to the Government covering the services under this contract. Complete records of all inspection work performed by the Contractor shall be maintained and made available to the Government during contract performance and for as long afterwards as the contract requires.
- (c) The Government has the right to inspect and test all services called for by the contract, to the extent practicable at all places and times during the term of the contract. The Government shall perform inspections and tests in a manner that will not unduly delay the work.
- (d) If any of the services performed do not conform with contract requirements, the Government may require the Contractor to perform the services again in conformity with contract requirements, for no additional fee. When the defects in services cannot be corrected by reperformance, the Government may -
 - (1) require the Contractor to take necessary action to ensure that future performance conforms to contract requirements; and
 - (2) reduce any fee payable under the contract to reflect the reduced value of the services performed.

Conformed thru Modification 156

- (e) If the Contractor fails to promptly perform the services again or take the action necessary to ensure future performance in conformity with contract requirements, the Government may -
- (1) by contract or otherwise, perform the services and reduce any fee payable by an amount that is equitable under the circumstances; or
 - (2) terminate the contract for default.

E.4 FAR 52.246-9 -- Inspection Of Research And Development -- (Short Form) (APR 1984)

The Government has the right to inspect and evaluate all products, reports, or services accomplished or being performed under the contract, and the premises where the work is being performed, at all reasonable times and in a manner that will not unduly delay the work. If the Government performs inspection or evaluation on the premises of the Contractor or a subcontractor, the Contractor shall furnish and shall require subcontractors to furnish all reasonable facilities and assistance for the safe and convenient performance of these duties.

E.5 FAR 52.246-11 -- Higher-Level Contract Quality Requirement (Government Specification) (FEB 1999)

The Contractor shall comply with the higher-level quality standard selected below.

Title	Number	Date	Tailoring
Quality Assurance	DOE O 414.1A (or the latest revision)	11/24/98 (or latest revision)	For Non-nuclear Facilities And Activities
Nuclear Safety Management Quality Assurance Requirements	10 CFR 830.120	Latest Version	For Nuclear Facilities And Activities
Office of Civilian Radioactive Waste Management (RW) QA Requirements and Description	DOE/RW-0333P	Latest Version	Applicable Portions as the baseline standard for developing and implementing a quality program for Spent Nuclear Fuel (SNF) activities. As a minimum, the DOE/RW-0333P requirements shall apply to the following SNF activities when they could affect acceptance of SNF in a Nuclear Regulatory Commission (NRC) licensed facility (e.g., the Mined Geologic Disposal Site or Monitored Retrievable Storage facilities managed by RW): (1) Characterization for data collection for input or use for interim storage or future

		disposal; (2) conditioning for interim storage or into a final form for disposal; (3) handling and packaging for interim storage and disposal. Any subcontracts in support of this work shall require subcontractors to comply with the contractor's approved Quality Assurance Program and/or Quality Assurance plans.
