

Exhibit C.12
ARA Waste

The table below lists wastes that are in a CERCLA storage unit at the Auxiliary Reactor Area. The table is updated from information derived from “*Institutional Controls Status Report for the Power Burst Facility and Auxiliary Reactor Area, Operable Unit 5-12 for Fiscal Year 2003*” (CERCLA Administrative Record Document DOE/ID-11064).

Waste Stream	Volume	Disposal Site	Disposal Status
ARA-16: ARA-I Radionuclide Tank			
Sludge	High-integrity container with 303 L (80 gal) of liquid and sludge	To be determined	Stored at CERCLA storage unit at ARA-I
Carbon filter	One 20 × 60-in. unit (6 ft ³ of carbon)	Permafix	Stored at CERCLA storage unit at ARA-I
ARA = Auxiliary Reactor Area CERCLA = Comprehensive Environmental Response, Compensation, and Liability Act
